² Dual Core is a new technology designed to improve performance of certain software products. Not all customers or software applications will necessarily benefit from use of this technology. 64-bit computing on Intel® architecture requires a computer system with a processor, chipset, BIOS, operating system, device drivers and applications enabled for Intel® 64 architecture. Processors will not operate (including 32-bit operation) without an Intel® 64 architecture-enabled BIOS. Performance will vary depending on your hardware and software configurations. See www.intel.com/info/em64t for more information.
³ Certain Windows Vista™ product features require advanced or additional hardware. See <http://www.microsoft.com/windowsvista/getready/hardwarereqs.mspx> and <http://www.microsoft.com/windowsvista/getready/capable.mspx> for details. Windows Vista™ Upgrade Advisor can help you determine which features of Windows Vista™ will run on your computer. To download the tool, visit www.windowsvista.com/upgradeadvisor.
⁴ Models with Mobile Intel 940GML Express Chipset or processors with 533-MHz FSB use this memory at a maximum memory speed of 533-MHz.
⁵ For hard drives, GB = 1 billion bytes. Actual available capacity is less. Up to 8 GB of storage space is reserved for system recovery software.
⁶ Double layer discs can store more data than single layer discs. However, double-layer discs burned with this drive may not be compatible with many existing single-layer DVD drives and players.
⁷ Wireless access point required and is not included. Availability of public wireless access points limited. Wireless Internet use requires separately purchased Internet service contract.
⁸ Designed for downloads from 56 K modem compliant sources. Maximum achievable download transmission rates currently do not reach 56 KB/s, and will vary with line conditions. Modem availability is subject to country regulatory approval.
⁹ HP Fast Charge recharges your battery up to 90% within 90 minutes when the system is off. HP Fast Charge does not apply to 9-cell primary and 12-cell Ultra Capacity batteries.
¹⁰ Sold separately or as an optional feature.
